### From Libby Rogowski, Executive Director of Early Childhood

Dear Wayne County Early Childhood Partners,

Happy New Year!

January invites us into a season of renewal—a chance to reflect, refocus, and recommit to the excellence our GSRP children and families deserve. As we step into this new chapter, may we continue to lead with collaboration, humility, and unwavering purpose, always centering the needs of those we serve.

This time of year also reminds us of the extraordinary impact we create when we work together. Educators, support staff, administrators, consultants, families, and community partners each play a vital role in nurturing young learners. Our collective strength is what transforms classrooms, supports families, and builds brighter futures. Let's embrace this fresh start with optimism, compassion, and a shared dedication to creating environments where every child can learn, grow, and thrive.

Michigan winters bring snow—and sometimes a few unexpected twists. This week's weather prompted a small shift in our schedules, including a new date for the Leadership Connection.

While the snow may have briefly slowed our pace, it has not slowed our momentum or our commitment to the work happening across Wayne County.

The **Leadership Connection** has been rescheduled for **January 22 at 1:00 PM**, and we hope you'll be able to join us. If you're unable to attend, your P-ECC will share the PowerPoint presentation afterward so you stay informed and connected.

We also look forward to seeing you virtually on **January 23** for our second **Advisory Meeting** of the 2025–2026 school year.

Together, let's move forward with intention and unity—strengthening relationships, cultivating growth, and ensuring that our collective efforts lead to the meaningful, measurable outcomes we aim to achieve by year's end.

## Enrollment Reminder

Once new students are enrolled in MISTAR, please ensure that the **Student Program History and Federal Poverty Level (FPL)** information is fully completed. Please follow the steps below for guidance.

In MISTAR, go to **Student Program History** and follow the steps below to confirm that all required data has been entered for each student:

1. Click **Find** to bring up your list of students.
2. Select the first student.

After completing the steps for the first student, use the ">" arrow to the right of the *Find* button to move to the next student.

3. Ensure an Early Childhood Student Program History record exists.

1. If no record exists, click **Add Program** to create one.

4. Click the **View or Edit** icon on the current Early Childhood record to verify that all required fields are completed, including:

#### **Program History Fields**

#### **Early Childhood Program Data**

1. **Begin Date:** Date the student will begin receiving services

2. **Begin Reason:** *Initial*

3. **End Date:** Leave blank

4. **End Reason:** Leave blank

5. **Program:** 01-GSRP or 22-Michigan Strong Beginnings

6. **Delivery Method**

7. **Delivery Schedule**

8. **Additional Eligibility Factor**

9. **Qualification Factor**

5. At the top of the Program History screen, ensure the **Federal Poverty Level (FPL) Data** is populated.

Click **Edit** (on the right) and confirm the following:

1. **Federal Poverty Level (FPL) Percentage**

2. **FPL**

3. **Effective Date:** Should match the *Entry Date*

### **Self-Reported Income**

There are times when families refuse to provide documentation of income, which is required for prioritization and determining eligibility. To assist, we have created a Self-Reported Income Documentation form. If a family chooses not to provide income, they must complete the form acknowledging there will be a pause in enrollment until programs utilize the reserved percentage beginning August 15th, regardless of the income range self-reported on the form. For clarification, the reserved percentage may be used beginning August 1st for families who are at 400% FPL and below. Families who self-report their income cannot be placed until August 15th along with families whose income is over 400% FPL.

The form has been posted as a resource under the Eligibility section of the GSRP Implementation Manual: [Self-Reported Income Documentation form final for ADA](#)

# Fiscal

## Fiscal Reminders

Carryover is reported alongside Main Operations expenses in the GSRP Google ledger reports. As providers submit expense and report funds, the carryover will be tracked. Once the carryover has been fully spent, the ledgers will notify the provider by displaying the message "Carryover Spent". When that happens, we request that providers complete the Carryover FER report, which is located in the FYE26 Main Operations Budget. LEA/PSAs who complete their ledgers in SMART will need to track their carryover spending independently.

All 2024-2025 carryover funds must be expensed by December 31, and the carryover FER is due by no later than January 31. Please note that the Carryover Budget and Carryover FER should match exactly.

\*Note: To help ensure that funds are spent in time for the deadline, we recommend allocating the carryover funds to wages and benefits.

SUEFER and the mid-year review is due January 31, 2026. A Q&A session will be held January 27, 2026, from 10 AM to noon. An email with additional information on how to attend will be sent the week of January 20, 2026.

Fiscal trainings were offered for the 25/26 school year. Please see the link below to access and reference as needed.

## Fiscal Training Recordings and Slides

### All Expense Ledgers due February 15

**GSRP Main Operations and Transportation Ledgers** are due to be completed on or **before February 15** and are due every month by the 15th. PSAs/LEAs who use SMART are permitted to track their expenses in SMART and are not required to complete ledgers in Google. Please note that if your budget needs to be revised, check the Google comments that have been emailed to you and are located within the transportation budget. Providers without an approved transportation budget will be ineligible for payment.

## New Capital Outlay Guidelines

### Capital Outlay Process

The Capital Outlay process includes planning, approval, bidding, and execution of projects that involve substantial investments in infrastructure, facilities, or equipment:

- Any single project cost **\$10,000 or more in GSRP costs**
- Multiple related projects with a combined **cost exceeding \$10,000 in GSRP costs**

If a project or group of related, interlinked projects with a **combined cost of \$10,000 being billed to GSRP**, then the provider must:

1. Notify the assigned Program ECC of the provider's intention to complete the project.
2. Add the project as a purchased service in the budget that will fund the project.
3. Obtain at least three bids.
4. Evaluate bids based on cost, qualifications, and compliance.
5. Select the most qualified and cost-effective bidder.
6. Complete the GSRP Capital Outlay form, attach all the bids collected and submit form to assigned P-ECC and Admin and Fiscal Consultants.
7. Receive written project approval from WCRESA. WCRESA will review the project, and it will need to receive approval from:
  - Program Early Childhood Consultant
  - Administrative and Fiscal Consultant
  - Executive Director of Early Childhood (for costs above \$30,000)

Once the project has been completed receipts, bids and executed contracts should be placed in the program's GSRP budget folder in Google Drive and the GSRP ledgers should be updated to reflect that the project has been paid for.

If a project or group of projects with a **combined cost of \$30,000 or more** (and \$10,000 or more is billed to GSRP), the project exceeds the State of Michigan's "bid threshold":

- If the project exceeds the bid threshold and the provider is an LEA or PSA, then the provider must follow their internal purchasing procedures.
- If the provider is a CBO, then the provider must secure a minimum of 3 bids without exception.

Capital Outlay projects should be allocated with the original budget allocation.

All Capital Outlay projects are expected to be **submitted to WCRESA for approval prior to March 30th, and must be completed and paid for by May 30th** without exception.

No projects may be paid for and no work may be started on the project prior to receiving written approval from WCRESA for any project utilizing GSRP funds (of \$10,000 or more).

If a project is **started without receiving written approval from WCRESA, no GSRP funding may be used** to pay for any portion of the project. (Exceptions apply in emergency situations that compromise student safety.)

Please be sure to make a copy of the form below before completing:

---

## Reminder - Expense Ledgers are Year-to-Date

Please note that the format for the ledgers has changed from last program year. **Ledgers are now organized to report expenses Year-to-Date**, meaning that each ledger will include all the previous month's expenses. Please also note that providers are being asked to report their end of month enrollment in each ledger. Ledgers will be reviewed by our finance team and providers may be asked to provide documentation for various expenses. Finally, for LEAs/PSAs that utilize WCRESAs SMART system, completing ledgers in the google budget document are still recommended, but not required.

---

## Failure to complete ledgers in a timely manner will result in the following consequences:

- If the main operations ledgers are submitted **one month late**, **10%** of the monthly allocation will be deducted from the next payment distribution.
- If the main operations ledgers are submitted **two months late**, **25%** of the monthly allocation will be deducted from the next payment distribution.
- If the main operations ledgers are submitted **three months late**, **all future payments will be held, until reporting requirements have been met.**

---

## Reminder – Bookkeeper/Accountant Requirement

As a reminder, please note that all providers must have an assigned bookkeeper or accountant to assist them with their finances. While WCRESA has not placed any restrictions on who the provider may choose to utilize, it is expected that all ledgers, budgets, and other financial documents will be reviewed or completed by this person. Please note that WCRESA may require that the provider take specific steps if budgets and ledgers are not completed on time or correctly on multiple occasions.

---

## Main Operations Expense Ledgers Review Process

When reviewing Main Operations expense ledgers, we are primarily looking at the following:

- Is the ledger signed and dated by an authorized representative?

- Are all expenses listed in the correct line item by object code and are expenses being tracked year-to-date?
- Do all employees with wages listed also have benefits?
- Do the wage and benefits amount align with the staff information section of the budget?
- Has the number of children enrolled been provided in the ledgers?
- Do all line-item expenses have a description?
- Are there any line items that are over-budget?
- Do the ledgers contain any unapproved expenses?
- Is the provider expending money as expected based on the planned budget?
- Are the ledgers calculated using Year-to-date method, opposed to Month-to month.

---

## Transportation Ledgers

Transportation ledgers, as with Main Operations Ledgers, are due to be completed by the 15<sup>th</sup> of the month following the month in question. Failure to submit ledgers by this date will impact the date by which funds will be reimbursed. Please note that when reviewing transportation ledgers, we will be looking specifically at the following items:

- Is the ledger signed and dated by an authorized representative?
- Are all expenses listed in the correct line item by object code?
- Do all employees with wages listed also have benefits?
- Has the number of children transported been provided in the ledgers?
- Do all line-item expenses have a description?
- Are there any line items that are over-budget?

## Program Allocation and Funding Changes

Please note that any changes to a provider's allocation and funding, including reductions, must be approved in writing by WCRESA prior to any adjustments being made. This includes site or classroom changes, changes to the number of students, changes in the delivery method (4-day v 5-day), changes in ratio or # of teachers per classroom, or to transportation services.

To request any changes, providers are required to complete the [Provider Change Request form](#) along with any necessary supporting documentation to the main early childhood department email address, [earlychildhood@resa.net](mailto:earlychildhood@resa.net).

## **2025-2026 Contract Supporting Documentation**

Wayne RESA has implemented a new tracking process to collect Contract Supporting Documentation.

This survey is being used to collect information for the 2025/2026 school year. Due to the new process, please resubmit forms here even if you have submitted them in previous years. If you have more than 5 sites please contact the Program Early Childhood Consultant (P-ECC) assigned to your program to submit the required documents. Also, if there are any additional questions contact your PECC.

Information being collected:

**For LEAs, PSAs and CBOs:** Emergency Evacuation Maps or Site Maps and a Legally Executed Lease for each building

**For PSAs only:** Current and Valid Charter with Prekindergarten addendum

## **Social Emotional Support**

**Dr. Kelly Anderson, Early Childhood Social Emotional Consultant**

Our layers of social emotional support are here to help you. If you have concerns about a child or are struggling with behaviors, make sure to talk to your classroom consultant about what you are struggling with. Using data like BIRs can help you discover patterns and better meet the needs of all the children in your classroom. Don't wait until you are at your wits end before you call. We would rather walk alongside you as we figure out how to support the child together.

If you have any questions about how to support a child please do not hesitate to reach out to your classroom consultant who will connect with our RESET team.

## EC PBIS Updates

### Tier 1 Series is Available in the Winter

We are very excited to share EC PBIS/ Pyramid Practices with everyone in Wayne County. We have successfully completed our fall series with a group of over 100 participants! We look forward to offering this training again in the winter with sessions on 1/23, 2/13, 2/27, and 3/6. Please note, all of the EC PBIS trainings are offered in series meaning you will be coming for multiple days. The tier 1 series is 4 Fridays long. The tier 2 & 3 series are both 2 Fridays. Also of note: Lunch is not provided between sessions. Please plan to bring your lunch.

### New RESA Resources Available

#### Website is Up!

The RESA EC PBIS website has been updated to include all of the resource links one might need to support tier 1 & 2 practices. <https://www.resa.net/early-education/social-emotional-pbis/> These resources include links to documents referenced in the TTEC Guide and in presentations given so far this year on EC PBIS.

#### NEW TTEC Guide is Complete!

We have completed a tier 1/2 resource guide to support teaching teams and programs experiencing challenging behaviors. This virtual guide will allow you to easily access tools and

links to support your needs. Please ask your classroom coach if you would like help navigating this resource. [TTEC Guide](#)

## Best Practices and Useful Reminders

## Banking Time: Strengthening Your Relationship With Individual Children

Strong, safe, nurturing, and responsive teacher-child relationships are essential for young children to thrive. Children may show you through their behavior that they need more relational connection, or you might identify a child you want to strengthen your relationship with.

### What is it?

Banking Time is a strategy that focuses on improving the relationship between an individual child and their teacher. Teachers use specific strategies to support positive relational interactions with children.

### How do you use it?

- ▶ **Identify a child with whom to use Banking Time.**
  - The child might be someone you want to build a stronger relationship with.
  - It might be a child where a relational boost would be beneficial or healing.
  - A child with behavior that challenges the adults indicating they could use positive relational time with a safe, trusted, nurturing, and responsive adult.
- ▶ **Meet with the child for play-based one-on-one relationship-building time 2-3 times a week for 10-15 minutes.**
  - Think about a quiet space in the learning environment or a space outside the environment, like a hallway, where sessions can happen.
  - Let the child pick a play-based activity that they will engage in with the teacher.
  - Make sure there are enough materials for the child and the teacher to play.
  - Engage in the activity with the child.

### Banking Time strategies to try:

#### Follow the child's lead in play.

- ▶ **Let the child pick what and how you play together.**

*Elle picks dinosaurs for her banking time session. Her teacher has enough dinosaurs for both her and Elle to use. Elle picks which dinosaurs she wants to use; she also picks which dinosaurs her teacher uses.*
- ▶ **Observe the child and their play before you jump in and play with them. Show your interest in what the child is doing by watching with limited talking.**

# 5 Classroomwide Practices to Improve Behavior

## 1 Use a Five-One Ratio of Positive Attention

The 5:1 ratio of positive attention is based on research that has shown that children are better behaved in preschool settings when adults spend the majority of their time attending to positive behavior and not challenging behavior.

## 3 Establish Routines within Routines

The predictability of a general schedule does not provide enough structure to prevent some children's challenging behaviors. It is often helpful to specify other levels of predictability with one's overall classroom schedule.

## 5 Directly Teach Peer-Related Social Skills

Actively teaching social skills involves careful planning around routines and activities, arranging the environment to support peer interaction, and implementing strategies such as peer-mediated interventions, adult cueing and prompting, and reinforcement.

## 2 Use Predictable Schedules

Developing a daily schedule and directly teaching children what comes next is about maintaining a routine and keeping all of the children informed about the routine. This strategy maximizes children's ability to predict what comes next.

## 4 Directly Teach Behavioral Expectations

Make certain that all children know precisely what behavioral expectations you have for each routine. It is recommended that there be no more than three expectations for any one routine.

See examples and learn how to implement these strategies in *Prevent-Teach-Reinforce for Young Children: The Early Childhood Model of Individualized Positive Behavior Support*.

Children and families experience and process trauma in different ways. You may never fully understand a family's story, and that is okay. Trauma-informed care does not require anyone to be a detective—it is about creating systems and relationships that foster safety, trust, and healing. As a leader, you are essential in creating systems and relationships that support all children and families. Leading trauma-informed Pyramid Model programs is about how you consistently "show up" every day, asking yourself:

"How can I ensure every child, family, and team member feels safe and valued?"

## Trauma-Informed Leadership Practices

As a leader, when you focus on trauma-informed practices, you play a crucial role in creating a program where every child, family, and team member can experience success, including those impacted by trauma. SAMHSA's six principles of a trauma-informed approach are the foundation for the five practices described below. They are adapted for Pyramid Model programs to offer specific ways to lead with care and compassion in early childhood settings. Some practices may be more important than others for your program as you continue to support the healthy development and well-being of children, families, staff, and yourself.

### Create a Trauma-Informed Culture

*A culture of care begins with consistency.*

- ▶ **Share the Commitment** by making trauma-informed care central to your program's mission and daily work. Help your team understand why trauma-informed care is important for every child and family. Discuss this commitment regularly—in daily conversations, staff meetings, family communications, and program materials—to show that it guides everything you do.
- ▶ **Prioritize Safety, Trust, and Transparency** for Everyone through clear policies, consistent processes, and predictable teaming routines. Build trust by making decisions together with families and staff. Ensure your program welcomes and supports all team members, children, and families.

Working with a young child who has experienced trauma can bring up many feelings for the family and practitioner supporting them. It may feel overwhelming or confusing. How to help them may be unclear, especially if the child exhibits unsafe behaviors. In these instances, using trauma-responsive practices can promote safety, growth, and healing. Trauma-responsive practices focus on supporting the child's emotional and physical safety and building coping skills that can be used during times of stress. Trauma-responsive practices happen through adult and child relationships, child and child relationships, and adult relationships.

As a reminder, trauma occurs when frightening or harmful events overwhelm a child's ability to cope or deal with the event or events. Some children experience trauma from ongoing or recurring experiences such as chronic abuse or witnessing domestic violence. Trauma can also occur due to a single event, such as a natural disaster or a car accident. Trauma is a highly individualized experience. How an event or set of events impacts a child depends on a variety of factors, including:

- ▶ the severity of an event;
- ▶ the amount of exposure to an event;
- ▶ the child's age and development;
- ▶ other past experiences;
- ▶ the child's temperament and
- ▶ most importantly, protective factors that may buffer the impacts of trauma including nurturing and responsive caregivers, families who have social support, and access to supports such as high-quality early care and education, health care, mental health care, and other resources.

Supporting safety is the priority for young children and their families who have experienced trauma or may be experiencing trauma. Skill-building or healing may be challenging until the child and family feel safe. You may not be able to control how safe other environments are for the child; however, you can actively create safety in your program or learning environments.

You can help young children who have experienced trauma feel safe in many ways, including creating learning environments that provide predictability, consistency, routines, and clear expectations for behavior and offering opportunities for curiosity, exploration, and the development of social skills. Building nurturing, supportive, and responsive relationships can support children's emotional safety. Supporting emotional safety allows a child to feel successful in relationships, to feel valued, to show weakness or vulnerability without fear of being punished or judged, and ultimately to support healing and growth.

### Preschool Pyramid Model Practices eModules Series

The Pyramid Model for Promoting Social and Emotional Competence is a multi-tiered system of support for young children. It can support any early childhood education curriculum and, when implemented with fidelity, improves social-emotional outcomes for all children. This series provides information and instructional strategies for implementing all levels of the Pyramid Model for preschool classrooms. This includes the intentional teaching of social-emotional competencies, embedded instruction, and individualized support planning, as well as the necessary coaching support to bring these practices to fidelity in the preschool classroom.

## 2026 Early Foundations Cohort

### The Spring 2026 Early Foundations Cohort Registration is OPEN NOW!

Calling all early childhood educators who are new to the profession or in a new position to join our dynamic Early Foundations virtual cohort, where the buzz is all about Developmentally Appropriate Practice (DAP) and the art of connecting with young children! Dive into a world of innovative learning and collaborative growth as we navigate the exciting landscape of child development together. Let's turn your passion for early childhood education into a rewarding adventure!

#### Program Goal

New staff and/or staff in new positions will gain immediate skills needed to feel supported and be successful in the classroom, even before achieving a CDA or degree. Busy Program Directors and administrators enrolling new staff in the Early Foundations Program will benefit by reducing your

in-classroom onboarding time and be confident your new staff are knowledgeable in Developmentally Appropriate Practices and necessary classroom management skills.

## **Participant Eligibility**

Participants must meet all of the following eligibility requirements:

- Staff without a CDA or degree in early childhood education/child development
- Staff who are in their first 2 years of employment in a licensed child care program OR who have been in their position/role less than 2 years
- Participants must be open to new ideas, willing to think differently, and dedicated to doing what is best for young children.

## **Program Information**

- **\$300 Stipend and Welcome Kit**
- Participants will complete a 4-month training and support cycle
- 2 hours of training per month
  - Topics include, but are not limited to: Welcome to the ECE profession, Developmentally Appropriate Practice, principles of child development and learning, strengthening relationships with families, positive guidance, and more.
- Biweekly virtual coaching and individualized support
- Additional coaching and support are available upon request
- Participants schedule their training and coaching sessions for times that fit into their schedule
- All participants will receive a "Welcome to the Early Childhood Education Profession" gift bag that includes:
  - A Michigan AEYC tote bag
  - *Developmentally Appropriate Practice in Early Childhood Programs Serving Children from Birth Through Age 8, Fourth Edition*
  - A reflection journal
  - And more!

## Early Literacy Essentials

### Prekindergarten Literacy Resources

Early Literacy Essentials aims to improve children's literacy in Michigan. Professional development throughout the state can focus on this set of research-supported literacy instructional practices for daily use in the classroom.

Early elementary education can help improve literacy proficiency outcomes. Research suggests that each of the 10 practices (outlined in the link below) can positively impact literacy development.

The use of these practices in every Michigan classroom every day can make a measurable, positive difference in the state's literacy achievement.

## Enrollment Opens Nov. 15 for Benefits for Child Care Providers

*MiLEAP and SBAM encourage providers to enroll in affordable health, life and retirement benefits that bring stability, security and career support*

The Michigan Department of Lifelong Education, Advancement, and Potential (MiLEAP), in partnership with the Small Business Association of Michigan (SBAM), today announced that open enrollment for the Nurture Benefits pilot begins November 15. The program offers licensed and license-exempt child care providers across Michigan access to affordable health, life and retirement benefits to support their careers and the families they serve. Currently, only 35% of child care providers receive health insurance through their employer.

Administered by SBAM, the Nurture Benefits pilot gives child care employers the opportunity to offer affordable health, life and retirement benefits to their staff. Eligible providers—including licensed and license-exempt center-based, family home and group home settings working 30 or more hours per week—can begin enrolling on Nov. 15, 2025, with coverage effective Jan. 1, 2026.

Through Nurture Benefits, providers gain access to:

- Medical, dental and vision coverage
- Life and retirement benefits
- Wellness and behavioral health resources
- Additional features help providers navigate the program, including:
- Tiered benefit packages to fit diverse needs and budgets
- A user-friendly enrollment platform
- A dedicated Member Care Team for personalized guidance
- Online webinars explaining the program, eligibility, benefits and enrollment process
- A mailing list to receive the latest updates and news

Providers can review all resources, access technical assistance and prepare for enrollment at [www.nurturebenefits.com](http://www.nurturebenefits.com).

### Great Start to Quality Job Board

Do you have openings in your program? Great Start to Quality can help you find qualified candidates!

[Early Childhood Job Board - Great Start to Quality](#)

Job postings are good for 60 days and can be renewed, if needed.

Send the jobs description(s), program location and submission contact information to [jobs@ecic4kids.org](mailto:jobs@ecic4kids.org)

Once a candidate submits a resume or cover letter, Great Start to Quality sends them directly to the program.
