

10th Grade Checklist

Sophomore year is a great time to reflect on progress towards your goals.

Fall/Winter

- Evaluate your 9th grade transcript to see if you are positioning yourself for opportunities, or if there are areas for growth.
- Seek out tutoring and credit recovery options if needed.
- Continue to challenge yourself to get strong grades and take challenging courses.
- Take assessments seriously to determine your strengths & weaknesses.
- Maintain good attendance and participation habits.
- Attend career pathway related presentations or field trips with your school.
- Attend college and career fairs.
- Update your high school Educational Development Plan (EDP).
- Review your EDP with your family and discuss interests, current and future classes, and goals for life after high school.

Spring

- Meet with your counselor to discuss your classes, college, and career plans.
- Register for Career Technical Education (CTE), Dual Enrollment, Advanced Placement or other courses that match your career interests.
- Keep a record or folder of your achievements (talent portfolio) to use on a resumé or a college application.
- Explore and register for summer programs.

Summer

- Continue to research careers that interest you.
- Participate in a career related camp or job shadow experience.
- Find a summer job or volunteer opportunity.
- Visit college campuses.
