Contractors Response (from Proposal)
Company Background

MMI-CPR School Tech Repair, LLC dba K-12 Tech (the "Company" or "K-12 Tech") was founded in 2014 to provide device sale and repair services to schools with 1:1 deployments. Its founder and CEO is Zachary Marvel, a U.S. Army veteran and graduate of Ball State University. From the beginning, the Company's business model has been to provide repair services through regional depots located near our client schools. Branded vans driven by K- 12 Tech employees pick up damaged devices and drop off repaired devices each week, providing superior repair turnaround time and repair quality, as well as personal contact with educators and administrators on a weekly basis. Within 3 years, K-12 Tech had over 30 school district customers.

In 2017, Merrymeeting Group, an investment firm from Ohio with extensive experience in device repair and other technology services, invested in K-12 Tech with a goal of expanding operations nationally. Since then, K-12 Tech has added hundreds of school district and private school customers in 17 states, and currently has over 400,000 devices under management. The Company has also become an authorized distributor and service provider for Acer, Asus, Dell, Lenovo and Samsung, as well as an authorized service provider for Apple. The commitment to local service has remained; nearly all of the Company's school customers are serviced by van routes that connect them to regional service depots.

We have also expanded our service offerings to meet the needs of our partner districts across the entire device lifecycle. K-12 Tech now sells new hardware and accessories, offers white glove delivery and configuration services, sells both OEM and aftermarket replacement parts for schools that are self-maintainers, and buys back used devices from schools that are refreshing their chromebook, laptop, desktop or tablet deployments. We have also developed Rocket, a proprietary software platform offered free to all of our partner districts. It tracks devices, manages

Repair Services: Accidental Damage Protection Program

K-12 Tech's Accidental Damage Protection (ADP) Program offers comprehensive coverage specifically tailored for K-12 institutions and can cover one, two, three or four years. This program is not just about fixing broken devices; it aims to ensure uninterrupted learning and simplify device management for schools. In this program, a school district would pay up front and receive unlimited repairs over the duration of the coverage period. Pricing for the ADP program varies by device, whether students take devices home, and what kind of case is used. Pricing for the ADP program is available upon request once these details have been provided.

Program Features and Limitations

Our ADP program protects educational devices from unexpected

accidents prevalent in active school environments. Coverage includes mishaps like dropped laptops and liquid spills.
However, it excludes loss or theft, purely cosmetic damages, and damages from natural disasters.

Extended Warranty Coverage

Addressing the limitations of traditional OEM warranties, our program extends coverage to fill those gaps, especially after the expiration of the manufacturer's warranty. This includes handling mechanical failures, battery replacements, and other necessary repairs as devices age.

Inclusions and Exclusions in Coverage

The program offers extensive coverage for:

- Screens (Digitizer and LCD)
- Functional casings
- Keyboards
- Motherboards
- Batteries
- USB and Charging Ports
- Headphone Jacks
- WIFI Cards
- Buttons

The following exclusions apply:

- Catastrophic Damage (covered by school's general liability insurance)
- Theft
- Device Chargers
- Cosmetic wear
- Issues covered under Manufacturer's warranty

Annual Repair Flexibility

Given the unpredictable nature of device incidents in schools, our ADP program does not limit the number of annual repairs. We provide consistent coverage and attentive service, regardless of the number of incidents per device. We have over a decade of data that enables us to accurately forecast breakage rates based on the attributes of the deployment. This allows us to accept the risk associated with offering uncapped repairs while still earning a modest profit on our repair service contracts.

Duration of Coverage

Coverage spans three years from the deployment date of each device,

concluding on the last day of school or the device turn-in day of the fourth academic year.

Logistics

Our strong preference is for local pickup and delivery by K-12 Tech employees. Accordingly, we will leverage our nearest service center in Valparaiso, Indiana to service Wayne RESA members, as well as any districts in other regions of Michigan that choose to piggyback on the Wayne RESA contract. A logoed van driven by a K-12 Tech employee will visit each district each week to drop off repaired devices and pick up damaged devices.

Additional repairs or special pickup requests can be scheduled through Rocket, or by contacting Alec Lynn, the account manager assigned to Wayne RESA member districts. As an experienced ASP for most major OEMs, K-12 Tech can also determine warranty entitlement for each device, perform the warranty repairs, and handle the administrative work in the relevant OEM's system at no cost to the district.

If for some reason local pickup and delivery was not an attractive option for a district, FedEx pickups can be scheduled in Rocket, our proprietary asset management and work order tracking system. Shipping is included in the ADP pricing and does not increase the cost to the district. For schools that prefer to ship devices to us, we provide an initial inventory of cardboard boxes and recommend that they batch damaged devices to send in once per week.

Turnaround Times

The turnaround time for repairs is 5 Business Days. This is an industry-leading service level that likely cannot be matched by repair vendors that require schools to ship devices to them for bulk repair. Emergency requests can be accommodated on a case-by-case basis. We typically try not to charge a premium for a one-off urgent request because helping schools when they need it most allows us to build loyalty and demonstrate the superiority of our local pickup and drop-off model. Depending on the nature of the need, we may pass through any incremental costs incurred by K-12 Tech in the course of providing the emergency service.

Rocket™ Software

Our ADP program includes our proprietary Rocket™ software for asset tracking, incident tickets, and breakage analysis. This tool is crucial for both tracking and preventing device issues. It will also be used by

schools tor initiate repairs.

K-12 Tech Limited Warranty

K-12 Tech offers a one-year limited warranty, which represents and warrants that the repairs services performed will be free from defects of workmanship for a period of 365 days after delivery of the services to the school or district. If any device repaired by K-12 Tech fails during the warranty period due to defects in parts or workmanship, and the school/district notifies K-12 Tech of such failure during the warranty period, K-12 Tech will, at its option, repair or replace the nonconforming product or, at K-12 Tech's discretion, refund the service charges paid for the defective product upon the school/district's return of the device. Warranty claims can be initiated through Rocket or by contacting your account representative.

Repair Services: As-Needed Repairs

Some of our partner districts prefer to pay for repair services on an as-needed basis rather than purchasing a multi-year coverage plan upfront. K-12 Tech is happy to accommodate either preference. As-needed repair comes with the same service delivery model as the ADP protection plan, including the SLAs/turnaround times, limited warranty on workmanship, and access to the Rocket software. The only difference in the process is that a quote for each as-needed repair would be sent to districts through Rocket for approval prior to K-12 Tech commencing work and incurring cost. This step is unnecessary under the ADP protection plan because unlimited repairs are already covered. Issues covered by an OEM warranty will be repaired at no cost to the district, as K-12 Tech is an experienced authorized service provider for Acer, Apple, ASUS, Dell, HP, Lenovo, and Samsung.

Parts Sales for Self-Maintainers

K-12 Tech also sells parts for all common Chromeook, laptop and tablet models for schools that do some or all of their repairs in-house. We have OEM parts available for most models through our OEM relationships, as well as aftermarket parts. We maintain a significant quantity of parts on hand at our warehouse in Indiana. This allows us to fulfill small orders within 2 Business Days. For larger orders that exceed our quantity on hand, we may need up to 15 Business to place the parts order and have it shipped to the relevant school. Our parts are priced competitively and come with a 90-day warranty. Defective parts can be shipped back to K-12 Tech and will be replaced at no cost to the district.

Controls & Safeguards

At K12 Tech, we ensure the utmost security and protection of data on Chromebooks while they are in our possession. Firstly, we offer a local pick-up and drop-off service, ensuring a direct and secure transfer of devices from the school to us and back. Secondly, all our employees undergo thorough

background checks, guaranteeing that only trustworthy individuals handle your devices. Additionally, our internal network is constantly monitored to prevent any unauthorized access or data breaches. Our facility is also equipped with an ADT security system, which is armed during non-working hours to safeguard against any physical intrusions. Finally, K-12 Tech carries insurance coverage, including cyber coverage and general liability coverage, in excess of what is required by this RFP to ensure there we and our partner districts are always protected.

Contractors Response (from Proposal) Continued

All schools that partner with K-12 Tech our proprietary Rocket™ software for asset tracking, incident tickets, and breakage analysis. This tool is crucial for both tracking and preventing device issues. It is free to schools and adds tremendous value.

Additionally, our local pick-up and drop-off service adds efficiency to the repair process. Schools are relieved from the logistical burden of sending devices out for repair, as we offer building-specific pick-up and drop-off, streamlining the repair process and minimizing downtime.

We are also an authorized service provider for Acer, Dell, Lenovo, Apple and ASUS. This means we can handle OEM warranty claims for schools at no cost, eliminating the administrative burden on schools that typically comes with processing warranty claims.

Finally, we are also very flexible in the way we work with schools. We can sell parts to self- maintainers that prefer to handle repairs in-house. In some cases, we have even trained students on how to do repairs so that our partner schools can create work study opportunities. K-12 Tech also offers white-glove setup of new devices and will buy back old devices at competitive rates. We are truly “One-to-One Made Easy”.

1.3 Assumptions

Contractors Assumptions (from Proposal)

1.4 Product Specifications

All products furnished must be in conformity with the participating agency requirements and specifications and will be subject to inspection and acceptance by the individual customers at delivery. The right is reserved to reject and return at the risk and expense of the Contractor.

1.5 Management and Staff

See Attachment C – RFP Requirements and Proposer's Response to the RFP for details.

1.6 Service Capabilities

1.6.1 Communication Plan/Contract Management

Contractor has identified their company standards of communication as they relate to Contract performance, issue management, and change management. An issue is an identified event that, if not addressed, may affect schedule, scope, service, delivery, quality, or budget. A change is identified as a change in corporate leadership, structure, merger or acquisition.

Contractors Approach (from Proposal)
As our model is local pickup and delivery, a K-12 Tech employee typically has in-person contact with educators and administrators at all of our partner districts every week. This allows for a constant cycle of feedback that catches and eliminates issues before they rise to the level of a major issue. This has worked well and K-12 Tech has never had a contract terminated early by a school for cause. If a major change or issue was to arise, it would be communicated by Alec Lynn, our dedicated account representative for Wayne RESA schools. If the issue still cannot be resolved, it would be escalated to the appropriate member of our corporate team.

1.6.2 Primary Account Representative

Contractor has identified their primary account representatives who will be responsible for the performance of a resulting Contract, as well as contact persons for reports and bid documents.

Alec Lynn
Relationship Manager

1.7 Customer Service

Contractor shall have an accessible customer service department with an individual specifically assigned to Wayne RESA. Customer inquiries should be responded to with forty-eight (48) hours or two (2) business days unless it is an emergency issue.

Contractors Response (from Proposal)
Wayne RESA schools will have access to Alec Lynn, the dedicated point of contact. He will respond to inquiries within 2 business days, and typically much more quickly than that. Alec is backed up by a team of approximately 10 other relationship managers who can assist in emergency situations. Wayne RESA schools will also have weekly contact with the driver who picks up and drops off devices. He/she is trained to pass any feedback up the chain to the relationship management team. In addition, schools can raise support requests through Rocket, our proprietary software for asset tracking and repair management.

1.8 Purchase Orders

Requests for quotes will be initiated by participating agencies as specific needs arise. Participating agencies will issue individual detailed specifications to the pre-qualified vendor pool along with specific response information required, deliverables, and any special terms and conditions. The vendors will respond directly to the requesting agency within the timeframe specified in the request for quote. The participating agency will evaluate the responses and determine the vendor that will be awarded a purchase order (PO). Resulting orders are to be shipped and billed directly to these institutions.

1.9 Delivery and Acceptance

Contractor has addressed the following items and costs in their proposal and other items/costs that they are aware of that may not have been requested in this bid.

- All pricing must reflect net 30 payment terms.
- Ordering/customer service capabilities and procedures.
- Policies and procedures for an organization accepting product/service.

Contractors Response (from Proposal)
Net 30 payment terms are acceptable. The prices quoted include pickup and delivery from schools. There is no extra cost for shipping or transportation.

5.16 Excusable Failure
Neither party will be liable for any default, damage or delay in the performance of its obligations that is caused by government regulations or requirements, power failure, electrical surges or current fluctuations, war, forces of nature or acts of God, delays or

failures of transportation, equipment shortages, suppliers' failures, acts or omissions of common carriers, fire, riots, civil disorders, labor disputes, embargoes, injunctions (provided the injunction was not issued as a result of any fault or negligence of the party seeking to have its default or delay excused), or any other cause beyond the reasonable control of a party; provided the non-performing party and any Subcontractors are without fault in causing the default or delay, and the default or delay could not have been prevented by reasonable precautions and cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans, or other means, including disaster recovery plans.

If a party does not perform its Contractual obligations for any of the reasons listed, the non-performing party will be excused from any further performance of its affected obligation(s) for as long as the circumstances prevail. The non-performing party must promptly notify the other party immediately after the excusable failure occurs, and when it abates or ends. Both parties must use commercially reasonable efforts to resume performance.

If any of the reasons listed substantially prevent, hinder, or delay the Contractor's performance of the deliverable(s) for more than 10 days, and Wayne RESA reasonably determines that performance is not likely to be resumed within a period of time that is satisfactory to Wayne RESA, Wayne RESA may: (a) procure the affected deliverable(s) from an alternate source without liability for payment so long as the delay in performance continues; or (b) terminate any portion of the Contract so affected and equitably adjust charges payable to the Contractor to reflect those deliverable(s) that are terminated. Wayne RESA must pay for all deliverable(s) for which Final Acceptance has been granted before the termination date.

The Contractor will not have the right to any additional payments from Wayne RESA as a result of any Excusable Failure or to payments for deliverable(s) not provided as a result of the Excusable Failure. The Contractor will not be relieved of a default or delay caused by acts or omissions of its Subcontractors except to the extent that a Subcontractor experiences an Excusable Failure and the Contractor cannot reasonably circumvent the effect of the Subcontractor's default or delay in performance through the use of alternate sources, workaround plans, or other means, including disaster recovery plans.

5.17 Retention of Records

(a) The Contractor must retain all financial and accounting records related to this Contract for a period of seven years after the Contractor performs any work under this Contract (Audit Period).
(b) If an audit, litigation, or other action involving the Contractor's records is initiated before the end of the Audit Period, the Contractor must retain the records until all issues arising out of the audit, litigation, or other action are resolved or until the end of the Audit Period, whichever is later.

5.18 Examination of Records

Wayne RESA, upon 10 days notice to the Contractor, may examine and copy any of the Contractor's records that relate to this Contract. Wayne RESA does not have the right to review any information deemed confidential by the Contractor if access would require the information to become publicly available. This requirement also applies to the

records of any parent, affiliate, or subsidiary organization of the Contractor, or any Subcontractor that performs services in connection with this Contract.

5.19 Audit Resolution

If necessary, the Contractor and Wayne RESA will meet to review any audit report promptly after its issuance. The Contractor must respond to each report in writing within thirty (30) days after receiving the report, unless the report specifies a shorter response time. The Contractor and Wayne RESA must develop, agree upon, and monitor an action plan to promptly address and resolve any deficiencies, concerns, or recommendations in the report.

5.20 Errors

(a) If an audit reveals any financial errors in the records provided to Wayne RESA, the amount in error must be reflected as a credit or debit on the next invoice and subsequent invoices until the amount is paid or refunded in full. However, a credit or debit may not be carried forward for more than four invoices or beyond the termination of the Contract. If a balance remains after four invoices, the remaining amount will be due as a payment or refund within forty-five (45) days of the last invoice on which the balance appeared or upon termination of the Contract, whichever is earlier.

(b) In addition to other available remedies, if the difference between Wayne RESA's actual payment and the correct invoice amount, as determined by an audit, is greater than 10%, the Contractor must pay all reasonable audit costs.

5.21 Disclosure of Litigation

(a) Within thirty (30) days after receiving notice of any litigation, investigation, arbitration, or other proceeding (collectively, "Proceeding") that arises during the term of this Contract, the Contractor must disclose the following to the Contract Administrator:

(i) A criminal Proceeding involving the Contractor (or any Subcontractor) or any of its officers or directors;

(ii) A parole or probation proceeding;

(iii) A proceeding involving the Contractor (or any Subcontractor) or any of its officers or directors under the Sarbanes-Oxley Act; and

(iv) A civil proceeding to which the Contractor (or, if the Contractor is aware, any Subcontractor) is a party, and which involves (A) a claim that might reasonably be expected to adversely affect the viability or financial stability of the Contractor or any Subcontractor; or (B) a claim or written allegation of fraud against the Contractor (or, if the Contractor is aware, any Subcontractor) by a governmental or public entity arising out of the Contractor's business dealings with governmental or public entities.

(b) Information provided to Wayne RESA from the Contractor's publicly filed documents will satisfy the requirements of this Section.

(c) If any proceeding that is disclosed to Wayne RESA or of which Wayne RESA otherwise becomes aware, during the term of this Contract, would cause a reasonable party to be concerned about:

(i) the ability of the Contractor (or a Subcontractor) to continue to perform this Contract; or

(ii) whether the Contractor (or a Subcontractor) is engaged in conduct that is similar in nature to the conduct alleged in the Proceeding and would constitute a breach of this Contract or a violation of federal or state law, regulations, or public policy, then the Contractor must provide Wayne RESA all requested reasonable assurances that

the Contractor and its Subcontractors will be able to continue to perform this Contract.

5.22 Other Disclosures

The Contractor must notify Wayne RESA Administrator within thirty (30) days of:
(a) becoming aware that a change in the Contractor's ownership or officers has occurred or is certain to occur; or
(b) any changes to company affiliations.

5.23 CoPro+ Requirements

(a) The Contractor will work with CoPro+ to ensure that all purchasers are members before extending the Contract pricing.
(b) To the extent that CoPro+ Members purchase Deliverable(s) under this Contract, the quantities of Deliverable(s) purchased will be included in determining the appropriate rate wherever tiered pricing based on quantity is provided.
(c) The Contractor must submit invoices to and receive payment from CoPro+ Members, Participating Entities, on a direct and individual basis.

5.24 Bid Protest Process

Bid protests are filed by Vendors because they seek to remedy a wrong, actual or perceived, which could inflict or has inflicted injury or hardship to their company as a result of some action taken by Wayne RESA during the solicitation process. Common reasons for Vendors filing a bid protest include:

- The Master Agreement was awarded to Vendor with higher prices.
- The Vendor proposal was rejected for invalid reasons.
- The Vendor awarded the resultant Master Agreement did not comply with solicitation specifications.

1. General Authority

Wayne RESA Administrator maintains the exclusive authority and responsibility to purchase and rent all materials, supplies and equipment, furnishings, fixtures and all other personal property for use by Wayne RESA departments, districts or agencies which are governed by Wayne RESA's Board.

2. Protest Procedure

Upon a determination of Vendor selection from a bid process, the Purchasing Agent will post a "Notice of Intent to Award" on Wayne RESA's bid website, and notify all solicitation participants of the intended award via email.

A. Non-selected Vendors will have three (3) business days from the date the notice is posted to file a formal bid protest with Wayne RESA Administrator or the designee.
B. The bid protest, which must be received by Wayne RESA Administrator or designee within the three (3) day period, shall be in writing, and include the specific facts, circumstances, reasons and/or basis for the protest. This written notice may be in the form of a letter, fax or email.
C. Upon execution of the Master Agreement with the selected Vendor, Wayne RESA Administrator or designee will not take action on a bid protest, but a written response will be provided to the protesting Vendor.
D. If a Vendor's bid protest is appropriately filed, Wayne RESA Administrator or designee may delay the award of the Master Agreement until the matter is resolved.

E. Notwithstanding the foregoing, throughout the bid protest review process, Wayne RESA has no obligation to delay or otherwise postpone an award of a Master Agreement based on a bid protest. In all cases, Wayne RESA reserves the right to make an award when it is determined to be in the best interest of Wayne RESA to do so.
F. Wayne RESA Administrator or designee will respond to all bid protests in a timely manner.

6. Insurance

6.1 Liability Insurance

For the purpose of this Section, "Wayne RESA" includes its departments, divisions, agencies, offices, commissions, officers, employees, and agents.

(a) The following apply to all insurance requirements:

(i) Wayne RESA, in its sole discretion, may approve the use of a fully-funded self-insurance program in place of any specified insurance identified in this Section.

(ii) Where specific coverage limits are listed in this Section, they represent the minimum acceptable limits. If the Contractor's policy contains higher limits, Wayne RESA is entitled to coverage to the extent of the higher limits. The minimum limits of coverage specified are not intended, and may not be construed to limit any liability or indemnity of the Contractor to any indemnified party or other persons.

(iii) If the Contractor fails to pay any premium for a required insurance policy, or if any insurer cancels or significantly reduces any required insurance without Wayne RESA's approval, Wayne RESA may, after giving the Contractor at least thirty (30) days notice, pay the premium or procure similar insurance coverage from another company or companies. Wayne RESA may deduct any part of the cost from any payment due the Contractor, or require the Contractor to pay that cost upon demand.

(b) The Contractor must:

(i) provide proof that it has obtained the minimum levels of insurance coverage indicated or required by law, whichever is greater. The insurance must protect Wayne RESA from claims that are alleged or may arise or result from the Contractor's or a Subcontractor's performance, including any person directly or indirectly employed by the Contractor or a Subcontractor, or any person for whose acts the Contractor or a Subcontractor may be liable.

(ii) waive all rights against Wayne RESA for the recovery of damages that are covered by the insurance policies the Contractor is required to maintain under this Section. The Contractor's failure to obtain and maintain the required insurance will not limit this waiver.

(iii) ensure that all insurance coverage provided relative to this Contract is primary and non-contributing to any comparable liability insurance (including self-insurance) carried by Wayne RESA

(iv) obtain insurance, unless Wayne RESA approves otherwise, from any insurer that has an A.M. Best rating of "A" or better and a financial size of VII or better, or if those ratings are not available, a comparable rating from an insurance rating agency approved by Wayne RESA All policies of insurance must be issued by companies that have been approved to do business in Wayne RESA

(v) maintain all required insurance coverage throughout the term of this Contract and any extensions. However, in the case of claims-made Commercial General Liability policies, the Contractor must secure tail coverage for at least three years following the termination of this Contract.

Alternatively, the Contractor may include a Subcontractor under the Contractor's insurance on the coverage required in that Section. The failure of a Subcontractor to comply with insurance requirements does not limit the Contractor's liability or responsibility.

6.3 Certificates of Insurance and Other Requirements

Before the Contract is signed, and not less than 20 days before the insurance expiration date every year thereafter, the Contractor must provide evidence that Wayne RESA and its agents, officers, and employees are listed as additional insured's under each

commercial general liability and commercial automobile liability policy. The Contractor must provide Wayne RESA Administrator with all applicable certificates of insurance verifying insurance coverage or providing satisfactory evidence of self-insurance as required in Section 6.1, Liability Insurance. Each certificate must be on the standard "accord" form or equivalent and MUST CONTAIN THE APPLICABLE CONTRACT OR PURCHASE ORDER NUMBER. Each certificate must be prepared and submitted by the insurer and must contain a provision indicating that the coverage afforded will not be cancelled, materially changed, or not renewed without thirty (30) days prior notice, except for ten (10) days for nonpayment of premium, to Wayne RESA Administrator.

7. Indemnification

7.1 General Indemnification

To the extent permitted by law, the Contractor must indemnify, defend, and hold Wayne RESA harmless from liability, including all claims and losses, and all related costs and expenses (including reasonable attorneys' fees and costs of investigation, litigation, settlement, judgments, interest and penalties), accruing or resulting to any person, firm, or corporation that may be injured or damaged by the Contractor in the performance of this Contract and that are attributable to the negligence or tortious acts of the Contractor, any of its subcontractors, or by anyone else for whose acts any of them may be liable.

7.2 Employee Indemnification

In any claims against Wayne RESA, its departments, agencies, commissions, officers, employees, and agents, by any employee of the Contractor or any of its subcontractors, the indemnification obligation will not be limited in any way by the amount or type of damages, compensation, or benefits payable by or for the Contractor or any of its subcontractors under worker's disability compensation acts, disability benefit acts, or other employee benefit acts. This indemnification clause is intended to be comprehensive. Any overlap in provisions, or the fact that greater specificity is provided as to some categories of risk, is not intended to limit the scope of indemnification under any other provisions.

7.3 Patent/Copyright Infringement Indemnification

(a) To the extent permitted by law, the Contractor must indemnify and hold Wayne RESA harmless from liability, including all claims and losses, and all related costs and expenses (including reasonable attorneys' fees and costs of investigation, litigation, settlement, judgments, interest, and penalties) resulting from any action threatened or brought against Wayne RESA to the extent that the action is based on a claim that any piece of equipment, software, commodity, or service supplied by the Contractor or its subcontractors, or its operation, use, or reproduction, infringes any United States patent, copyright, trademark or trade secret of any person or entity.

(b) If, in Wayne RESA's or the Contractor's opinion, any piece of equipment, software, commodity or service supplied by the Contractor or its subcontractors, or its operation, use, or reproduction, is likely to become the subject of an infringement claim, the Contractor must, at its expense: (i) procure for the State the right to continue using the equipment, software, commodity or service or, if this option is not reasonably available to the Contractor; (ii) replace or modify to Wayne RESA's satisfaction the same with equipment, software, commodity or

service of equivalent function and performance so that it becomes non-infringing, or, if this option is not reasonably available to Contractor; (iii) accept its return by Wayne RESA with appropriate credits to Wayne RESA against the Contractor's charges and reimburse Wayne RESA for any losses or costs incurred as a consequence of Wayne RESA ceasing its use and returning it.

(c) Notwithstanding the foregoing, the Contractor has no obligation to indemnify or defend Wayne RESA for, or to pay any costs, damages or attorneys' fees related to, any infringement claim based upon: (i) equipment, software, commodity or service developed based on written specifications of Wayne RESA; (ii) use of the equipment, software, or commodity in a configuration other than implemented or approved by the Contractor, including any modification of the same by Wayne RESA; or (iii) the combination, operation, or use of the equipment, software, or commodity with equipment, software, or commodities not supplied by the Contractor under this Contract.

7.4 Continuing Obligation

The Contractor's duty to indemnify continues in full force and effect, notwithstanding the expiration or early cancellation of the Contract, with respect to any claims based on facts or conditions that occurred before expiration or cancellation.

7.5 Limitation of Liability

Neither the Contractor nor Wayne RESA is liable to each other, regardless of the form of action, for consequential, incidental, indirect, or special damages. This limitation of liability does not apply to claims for infringement of United States patent, copyright, trademark or trade secrets; to claims for personal injury or damage to property caused by the gross negligence or willful misconduct of the Contractor; to claims covered by other specific provisions of this Contract calling for liquidated damages; or to court costs or attorneys' fees awarded by a court in addition to damages after litigation based on this.

8. Warranties

8.1 Warranties and Representations

The Contractor represents and warrants:

None of the Deliverable(s) provided by Contractor to Wayne RESA, nor their use by Wayne RESA, will infringe the patent, trademark, copyright, trade secret, or other proprietary rights of any third party.

(d) If the Contractor procures any equipment, software, or other Deliverable(s) for Wayne RESA (including equipment, software, and other Deliverable(s) manufactured, re-marketed or otherwise sold by the Contractor or under the Contractor's name), then the Contractor must assign or otherwise transfer to Wayne RESA or its designees, or afford Wayne RESA the benefits of, any manufacturer's warranty for the Deliverable(s).
(e) The Contract signatory has the authority to enter into this Contract on behalf of the Contractor.
(f) It is qualified and registered to transact business in all locations where required.
(g) Neither the Contractor nor any affiliates, nor any employee of either, has, will have, or will acquire, any interest that would conflict in any manner with the Contractor's performance of its duties and responsibilities to Wayne RESA or otherwise create an appearance of impropriety with respect to the award or performance of this Contract. The Contractor must notify Wayne RESA about the nature of any conflict or appearance of impropriety within two days of learning about it.
(h) Neither the Contractor nor any affiliates, nor any employee of either, has accepted or will accept anything of value based on an understanding that the actions of the Contractor, its affiliates, or its employees on behalf of Wayne RESA would be influenced. The Contractor must not attempt to influence any Wayne RESA employee by the direct or indirect offer of anything of value.
(i) Neither the Contractor nor any affiliates, nor any employee of either, has paid or agreed to pay any person, other than bona fide employees and consultants working solely for the Contractor or the affiliate, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of this Contract.
(j) The Contractor arrived at its proposed prices independently, without communication or agreement with any other Proposer for the purpose of restricting competition. The Contractor did not knowingly disclose its quoted prices for this Contract to any other Proposer before the award of the Contract. The Contractor made no attempt to induce any other person or entity to submit or not submit a proposal for the purpose of restricting competition.
(k) All financial statements, reports, and other information furnished by the Contractor to Wayne RESA in connection with the award of this Contract fairly and accurately represent the Contractor's business, properties, financial condition, and results of operations as of the respective dates covered by the financial statements, reports, or other information. There has been no material adverse change in the Contractor's business, properties, financial condition, or results of operation.
(l) All written information furnished to Wayne RESA by or for the Contractor in connection with the award of this Contract is true, accurate, and complete, and contains no false statement of material fact nor omits any material fact that would make the submitted information misleading.
(m) It will immediately notify Wayne RESA Administrator if any of the certifications, representations, or disclosures made in the Contractor's original bid response change after the Contract is awarded.

8.2 Warranty of Merchantability

The Deliverable(s) provided by the Contractor must be merchantable.

The Deliverable(s) provided by the Contractor must be fit for the purpose(s) identified in this Contract.

8.4 Warranty of Title

Deliverable(s) provided by the Contractor must be delivered free of any rightful claim of infringement by any third person.

8.5 Consequences for Breach

In addition to any remedies available in law, if the Contractor breaches any of the warranties contained in Section 8, Warranties, the breach may be considered a material default**.**

9. Contract Administration

9.1 Issuing Office

This Contract is issued by Wayne RESA on behalf of all counties and local units of government. Wayne RESA Administrator or designee is the only entity authorized to modify the terms and conditions of this Contract, including the prices and specifications. The Contract Administrator will be designated at the time of the Contract award.

9.2 Contract Administrator

The Contract Administrator will monitor and coordinate Contract activities on a day-to-day basis.

9.3 Contract Changes

(a) If Wayne RESA requests or directs the Contractor to provide any Deliverable(s) that the Contractor believes are outside the scope of the Contractor's responsibilities under the Contract, the Contractor must notify Wayne RESA before performing the requested activities. If the Contractor fails to notify Wayne RESA, any activities performed will be considered in-scope and not entitled to additional compensation or time. If the Contractor begins work outside the scope of the Contract and then ceases performing that work, the Contractor must, at the request of Wayne RESA, retract any out-of-scope work that would adversely affect the Contract.

(b) Wayne RESA or the Contractor may propose changes to the Contract. If the Contractor or Wayne RESA requests a change to the Deliverable(s) or if Wayne RESA requests additional Deliverable(s), the Contractor must provide a detailed outline of all work to be done, including tasks, timeframes, listing of key personnel assigned, estimated hours for each individual per Deliverable, and a complete and detailed cost justification. If the parties agree on the proposed change, Wayne RESA Administrator will prepare and issue a notice that describes

the change, its effects on the Deliverable(s), and any affected components of the Contract (Contract Change Notice).

(c) No proposed change may be performed until Wayne RESA issues a duly executed Contract Change Notice for the proposed change.

9.4 Price Changes

Prices quoted on all bids, are the maximum for a period of 365 days from the date the Contract becomes effective. Requested changes may include increases or decreases in price and must be accompanied by supporting information indicating market support of proposed modifications (such as the CPI and PPI, US City Average, as published by the US Department of Labor, Bureau of Labor Statistics).

(a) Wayne RESA may request a review upon thirty (30) days written notice that specifies what deliverable is being reviewed. At the review, each party may present supporting information including information created by, presented, or received from third parties.

(b) Following the presentation of supporting information, both parties will have thirty (30) days to review the supporting information and prepare any written response.

(c) In the event the review reveals no need for modifications of any type, pricing will remain unchanged unless mutually agreed to by the parties. However, if the review reveals that changes may be recommended, both parties will negotiate in good faith for thirty (30) days unless extended by mutual agreement of the parties.

(d) If the supporting information reveals a reduction in prices is necessary and Contractor agrees to reduce rates accordingly, then Wayne RESA may elect to exercise the next one-year option, if available.

(e) If the supporting information reveals a reduction in prices is necessary and the parties are unable to reach agreement, then Wayne RESA may eliminate all remaining Contract renewal options.

(f) Any changes based on the review must be implemented through the issuance of a Contract Change Notice.

9.5 Covenant of Good Faith

Each party must act reasonably and in good faith. Unless otherwise provided in this Contract, the parties will not unreasonably delay, condition or withhold their consent, decision, or approval any time it is requested or reasonably required in order for the other party to perform its responsibilities under the Contract.

9.6 Assignments

(a) Neither party may assign this Contract, or assign or delegate any of its duties or obligations under the Contract, to another party (whether by operation of law or otherwise), without the prior approval of the other party. Wayne RESA may, however, assign this Contract to any other Wayne RESA, or local unit of government without the prior approval of the Contractor.

(b) If the Contractor intends to assign this Contract or any of the Contractor's rights or duties under the Contract, the Contractor must notify Wayne RESA and provide adequate information about the assignee at least ninety (90) days before the proposed assignment or as otherwise provided by law or court order. Wayne RESA may withhold approval from proposed assignments, subcontracts, or novations if Wayne RESA determines, in its sole discretion, that the transfer of

responsibility would decrease Wayne RESA's likelihood of receiving performance on the Contract or Wayne RESA's ability to recover damages.

(c) If Wayne RESA permits an assignment of the Contractor's right to receive payments, the Contractor is not relieved of its responsibility to perform any of its Contractual duties. All payments must continue to be made to one entity.

9.7 *Criminal Background Checks*

Supplier hereby certifies that any employees, subcontractors and volunteers of the Supplier who will have duties related to the Contracted services; have passed a Wayne RESA criminal history background check if required.

10. Acceptance of Deliverables

10.1 Delivery Responsibilities

Unless otherwise specified by Wayne RESA, the following are applicable to all deliveries:

(a) The Contractor is responsible for delivering the deliverable(s) by the applicable delivery date to the location(s) specified in the SOW or individual Purchase Order.

(b) The Contractor must ship the deliverable(s) "F.O.B. Destination, within Government Premises."

(c) Wayne RESA will examine all packages at the time of delivery. The quantity of packages delivered must be recorded and any obvious visible or suspected damage must be noted at the time of delivery using the shipper's delivery document(s) and appropriate procedures to record the damage.

10.2 Process for Acceptance of Deliverable(s)

Wayne RESA's review period for acceptance of the deliverable(s) is governed by the applicable Statement of Work, and if the Statement of Work does not specify Wayne RESA's review period, it is by default thirty (30) days for a deliverable (Wayne RESA Review Period). Wayne RESA will notify the Contractor by the end of Wayne RESA Review Period that either:

(a) the deliverable is accepted in the form delivered by the Contractor;

(b) the deliverable is accepted, but noted deficiencies must be corrected; or

(c) the deliverable is rejected along with notation of any deficiencies that must be corrected before acceptance of the deliverable.

If Wayne RESA delivers to the Contractor a notice of deficiencies, the Contractor will correct the described deficiencies and within thirty (30) Days resubmit the deliverable(s) with an explanation that demonstrates all corrections have been made to the original deliverable(s). The Contractor's correction efforts will be made at no additional charge. Upon receipt of a corrected deliverable from the Contractor, Wayne RESA will have a reasonable additional period of time, not to exceed thirty (30) Days, to accept the corrected deliverable.

10.3 Acceptance of Deliverable(s)

(a) Wayne RESA's obligation to comply with any Wayne RESA Review Period is conditioned on the timely delivery of the deliverable(s). Wayne RESA Review Period will begin on the first business day following Wayne RESA's receipt of the deliverable(s).

(b) Wayne RESA may inspect the deliverable to confirm that all components have been delivered without material deficiencies. If Wayne RESA determines that the

deliverable or one of its components has material deficiencies, Wayne RESA may reject the deliverable without performing any further inspection or testing.
(c) Wayne RESA will only approve a deliverable after confirming that it conforms to and performs according to its specifications without material deficiency. Wayne RESA may, in its discretion, conditionally approve a deliverable that contains material deficiencies if Wayne RESA elects to permit the Contractor to correct those deficiencies post-approval. The Contractor remains responsible for working diligently to correct within a reasonable time at the Contractor's expense, all deficiencies in the deliverable that remain outstanding at the time of Wayne RESA approval.
(d) If, after three opportunities the Contractor is unable to correct all deficiencies, Wayne RESA may: (i) demand that the Contractor cure the failure and give the Contractor additional time to do so at the sole expense of the Contractor; (ii) keep the Contract in force and perform, either itself or through other parties, whatever the Contractor has failed to do, and recover the difference between the cost to cure the deficiency and the Contract price plus an additional amount equal to 10% of Wayne RESA's cost to cure the deficiency; or (iii) fully or partially terminate the Contract for default by giving notice to the Contractor. Notwithstanding the foregoing, Wayne RESA cannot use, as a basis for exercising its termination rights under this Section, deficiencies discovered in a repeat Wayne RESA Review Period that could reasonably have been discovered during a prior Wayne RESA Review Period.
(e) Wayne RESA, at any time and in its reasonable discretion, may reject the deliverable without notation of all deficiencies if the acceptance process reveals deficiencies in a sufficient quantity or of a sufficient severity that renders continuing the process unproductive or unworkable.

11. Stop Work Order & Termination

11.1 Stop Work Order

Wayne RESA may, by issuing a Stop Work Order, require that the Contractor fully or partially stop work for a period of up to ninety (90) calendar days, and for any further period to which the parties agree. Upon receipt of the Stop Work Order, the Contractor must immediately take all reasonable steps to minimize incurring costs. Within the period of the Stop Work Order, Wayne RESA must either: (a) terminate the Stop Work Order; or (b) terminate the work covered by the Stop Work Order.

11.2 Termination of Stop Work Order

The Contractor must resume work if Wayne RESA terminates a Stop Work Order or if it expires. The parties will agree upon an equitable adjustment in the delivery schedule, the Contract price, or both, and the Contract must be modified, if: (a) the Stop Work Order results in an increase in the time required for, or the Contractor's costs properly allocated to, the performance of the Contract; and (b) the Contractor asserts its right to an equitable adjustment within 20 days after the end of the Stop Work Order by submission of a request for adjustment to Wayne RESA; provided that, Wayne RESA may receive and act upon the Contractor's request submitted at any time before final payment. Any adjustment will conform to the requirements of Section 9.3, Contract Changes.

11.3 Allowance of the Contractor's Costs

If Wayne RESA fully or partially terminates the work covered by the Stop Work Order, for reasons other than material breach, the termination is a termination for convenience under Section 11.6, Termination by Wayne RESA, and Wayne RESA will pay reasonable costs resulting from the Stop Work Order in arriving at the termination settlement. Wayne RESA is not liable to the Contractor for lost profits because of a Stop Work Order issued under Section 11.1, Stop Work.

11.4 Notice and Right to Cure

If the Contractor breaches the Contract, and Wayne RESA, in its sole discretion, determines that the breach is curable, Wayne RESA will provide the Contractor notice of the breach and a period of at least thirty (30) days to cure the breach. Wayne RESA does not need to provide notice or an opportunity to cure for successive or repeated breaches or if Wayne RESA determines, in its sole discretion, that a breach poses a serious and imminent threat to the health or safety of any person or the imminent loss, damage, or destruction of any real or tangible personal property.

11.5 Termination for Cause

(a) Wayne RESA may fully or partially terminate this Contract for cause by notifying the Contractor if the Contractor: (i) breaches any of its material duties or obligations (including a Chronic Failure to meet any SLA); or (ii) fails to cure a breach within the time period specified in a notice of breach provided by Wayne RESA

(b) The Contractor must pay all reasonable costs incurred by Wayne RESA in terminating this Contract for cause, including administrative costs, attorneys' fees and court costs, and any additional costs Wayne RESA incurs to procure the deliverable(s) from other sources. (iii) return all materials and property provided directly or indirectly to the Contractor by any entity, agent, or employee of Wayne RESA;
(iv) transfer title in and deliver to Wayne RESA, unless otherwise directed, all deliverable(s) intended to be transferred to Wayne RESA at the termination of the Contract (which will be provided to Wayne RESA on an "As-Is" basis except to the extent Wayne RESA compensated the Contractor for warranty services related to the materials);
(v) to the maximum practical extent, take any action to mitigate and limit potential damages, including terminating or limiting subcontracts and outstanding orders for materials and supplies; and
(vi) take all appropriate action to secure and maintain Wayne RESA information confidentially.

(b) If Wayne RESA terminates this Contract under Section 11.6, Termination for Convenience, Wayne RESA must pay the Contractor all charges due for deliverable(s) provided before the date of termination and, if applicable, as a separate item of payment, for work-in-progress, based on a percentage of completion determined by Wayne RESA All completed or partially completed deliverable(s) prepared by the Contractor, at the option of Wayne RESA, become Wayne RESA's property, and the Contractor is entitled to receive equitable compensation for those deliverable(s). Regardless of the basis for the termination, Wayne RESA is not obligated to pay or otherwise compensate the Contractor for any lost expected future profits, costs, or expenses incurred with respect to deliverable(s) not actually completed.

(c) If Wayne RESA terminates this Contract for any reason, Wayne RESA may assume, at its option, any subcontracts and agreements for deliverable(s), and may pursue completion of the deliverable(s) by replacement Contract or as Wayne RESA deems expedient.

The Contractor must provide any required reports and documentation.

11.11 Termination by Contractor

If Wayne RESA breaches the Contract and the Contractor, in its sole discretion, determines that the breach is curable, the Contractor will then provide Wayne RESA with notice of the breach and a time period (not less than thirty (30) days) to cure the breach.

The Contractor may terminate this Contract if Wayne RESA: (a) materially breaches its obligation to pay the Contractor undisputed amounts due; (b) breaches its other obligations to an extent that

makes it impossible or commercially impractical for the Contractor to complete the deliverable(s); or (c) does not cure the breach within the time period specified in a notice of breach. ATTACHMENT B - COVID & ARPA FEDERAL REQUIREMENTS

I. Procurement Policy

Procurement for Wayne RESA has provided a transparent, open, and fair opportunity for all eligible Contractors to participate. This bid has been made without collusion with any other person, firm or corporation making any bid or proposal, or who otherwise makes a bid or proposal. The Contractor must have available Contract or purchase order with the required approvals to receive payment for goods or services rendered. If the Contractor performs any work without a valid Contract or purchase order, the Contractor will not be paid.

In addition to other provisions required by the Federal agency or non-Federal entity, all Contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council as authorized by 41 U.S.C. § 1908, must address administrative, Contractual, or legal remedies in instances where Contractors violate or breach Contract terms, and provide for such sanctions and penalties as appropriate.

(B) All Contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

II. Bonds and Insurance Requirements

Receipt of bonds and/or insurance is part of the process of determining which Contractor may be recommended for award to the Board. If cause is found to change the recommendation that a Contractor be awarded the Contract, or if the Board does not approve the recommendation, Wayne RESA shall not be liable for any costs incurred by the Contractor in the bid process, including the cost of acquiring bonds and/or insurance. This Section is applicable only to Contracts pertaining to construction or facility improvement.

III. Equal Employment Opportunity

Except as otherwise provided under 41 C.F.R. Part 60, all Contracts that meet the definition of "federally assisted construction Contract" in 41 C.F.R. Part 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive

Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 C.F.R. part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor".

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other Contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(g) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this Contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government Contracts or federally assisted construction Contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (a) through (g) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

(h) Wayne RESA further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if Wayne RESA so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the Contract. Wayne RESA agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of Contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance. Wayne RESA further agrees that it will refrain from entering into any Contract or Contract modification subject to Executive Order 11246 of September 24, 1965, with a Contractor debarred from, or who has not demonstrated eligibility for, Government Contracts and federally assisted construction Contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, Wayne RESA agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: cancel, terminate, or suspend in whole or in part this Contract; refrain from extending any further assistance to Wayne RESA under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such Wayne RESA; and refer the case to the Department of Justice for appropriate legal proceedings.
