Wayne RESA is pleased to publish an Independent Educational Evaluation (IEE) Resource Directory. It is meant to provide a selection of available evaluators of Neuropsychology, Speech and Language, Social-Emotional, Motor, and Vision needs in the Greater Wayne County Area to assist in the implementation of Federal Regulations, as well as, R340.1723c of the Michigan Revised Administrative Rules for Special Education, Supplemented with IDEA Federal Regulations, September, 2013.

This directory includes clinics and/or providers who responded to an invitation to be included in this document, but are not endorsed by Wayne RESA.

Since each evaluation is unique, it is suggested that parents and the public agency communicate with one another to ensure that any recommended individual evaluator or clinic meets the appropriate qualifications for the particular evaluation being requested.

This is not an all-inclusive list of evaluators. **Parents and guardians making IEE requests are not restricted to choosing from the sources included in this directory.**
